#### Présentation TIPE

Usage d'algorithmes génétiques pour la résolution de problèmes de logistique

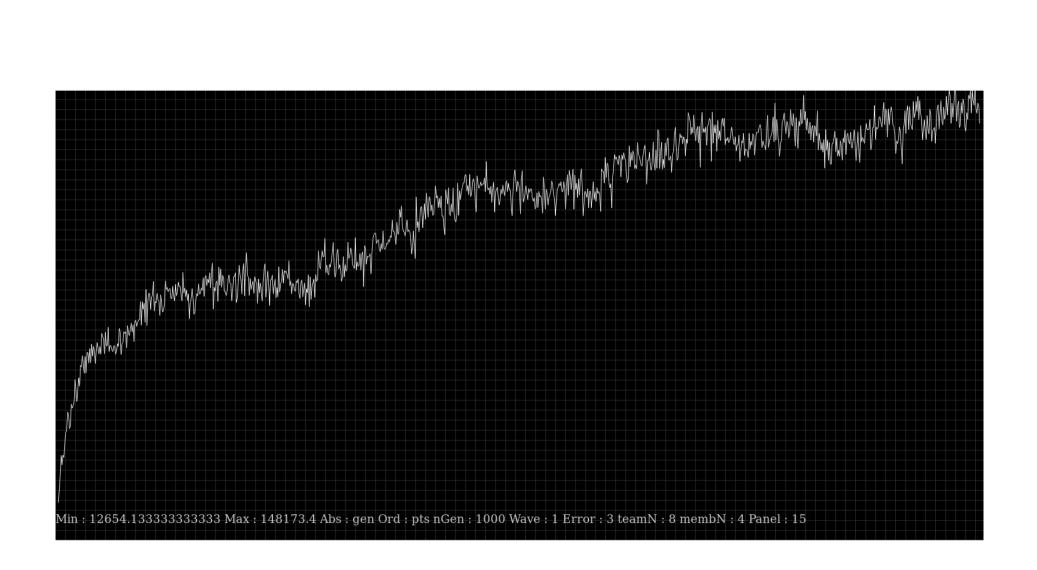

## Le problème

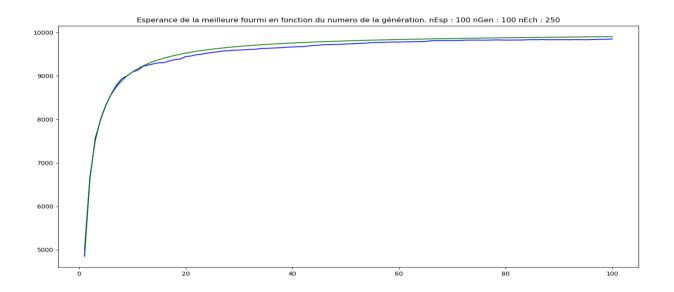

#### Le code génétique

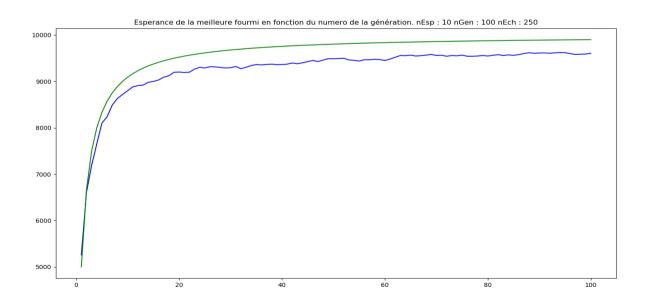

#### La sélection naturelle

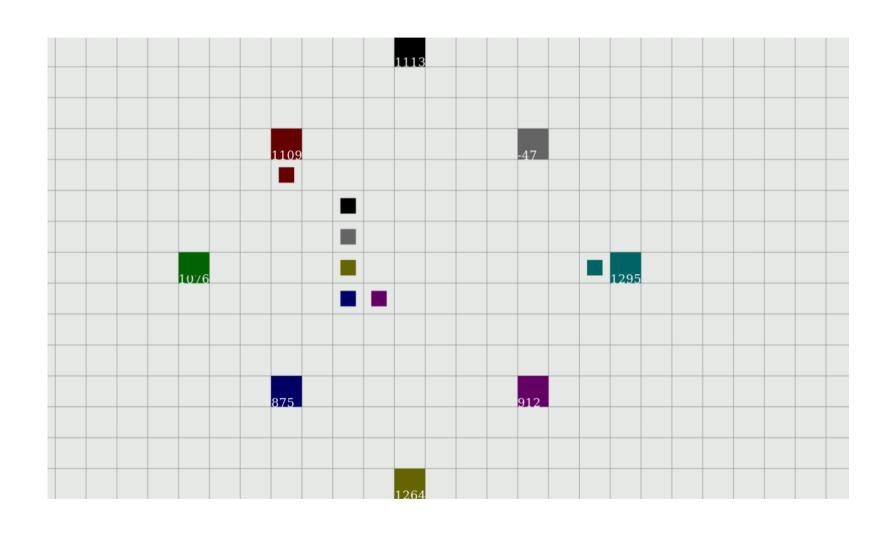

#### La sélection naturelle (2)

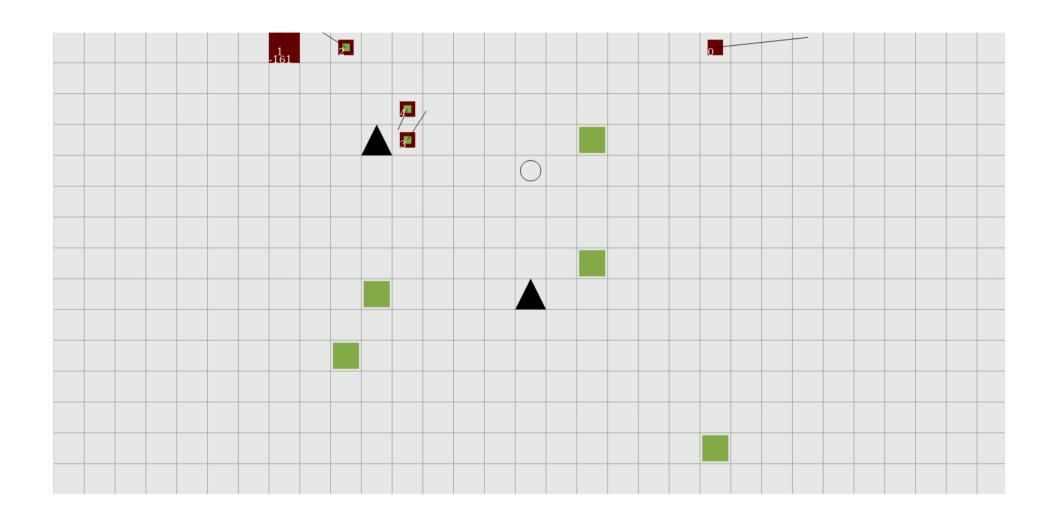

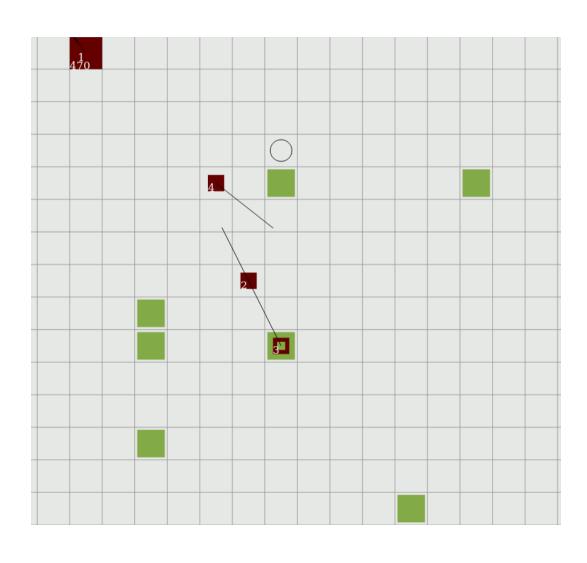

#### Adversité : le cas de la compétition

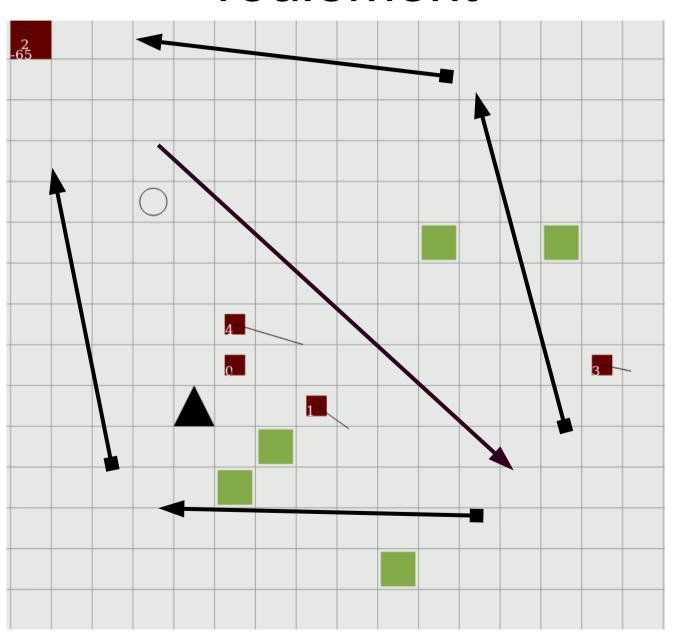

### Adversité : la cas de la coopération

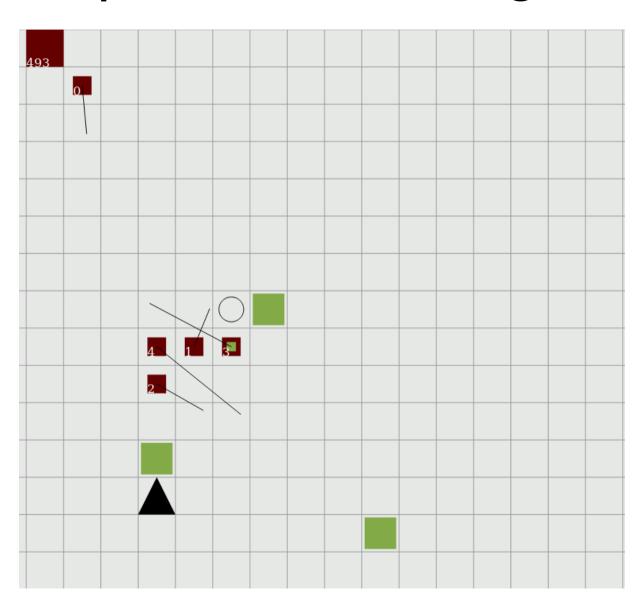

### Coopération : tactiques communes

# Coopération : stratégie de roulement

### Coopération : stratégie 4-1

## Reduction du champ de vision
